CHEVROLET CAPTIVA

Luxurious Jet Black Interiors

THE ALL-NEW CAPTIVA 2.2i

Plush inside. Tough outside. And as suave as you. It's the all-new Captiva. Available in two awe inspiring variants – the LT(Manual transmission) and LTZ(Automatic Transmission), designed to make your drive far smoother than anything you have ever experienced.

Crafted for the discerning eye, it's a head turner on the road. One look at the luxurious and spacious interiors will only leave you craving for more. And it doesn't stop there. The adaptive All-Wheel Drive and Level Ride Control help you maneuver through city traffic as well as winding hilly trails with equal ease. Road trips, take on a whole new meaning. Make no mistake, behind all this refinement and finesse lies the true aggression of a SUV.

THE POWER BEHIND THE THRONE

The Four-Cylinder VCDi Engine is strong, sturdy and masculine. This 2.2i Four-Cylinder Diesel Engine with high-pressure Common Rail and Integrated Turbo Charging Technology delivers 186.5 PS power and 424 Nm torque for those powerful and exhilarating drives. Simply put, this SUV owns every turf. And at the same time its pulsating engine is a refined and efficient one. Plus its advanced technology ensures maximum fuel economy and low emissions.

Automatic gear shift is for those who like to play it smooth. The Intelligent Transmission System changes gears automatically, according to your inputs and the driving conditions.

Adaptive All-Wheel Drive (AWD) matches your flexible nature. A torque-sensing Electronically Controlled Coupling allows engine torque to be automatically redirected to individual axles, according to the driving conditions, hence making the drivability and handling of the Captiva AWD extra-ordinary.

2.2 i VCDi Diesel Engine

Dual Front Grille

17" Alloy Wheels with Aggressive Wheel Arches

MAJESTIC LOOKS

Designed to be the center of attraction, the new Chevrolet Captiva has a rugged and captivating style that makes it stand out amongst other SUVs in its class. In profile, the new Captiva comes across as both rugged and sophisticated. The Front Grille with Chrome Surround and the Stylish Headlamps add to the glam quotient. Smart Rain Sensing Wiper System automatically adjusts the wiper speed depending on the intensity of the rain. And the Electric Sunroof allows you to enjoy the clear blue skies or the moonlit nights.

The bold wheel arches, stylish Alloy Wheels and a sharp feature line across the length add to the masculinity of its stance. The stylish Fog Lamps enhance visibility and safety, illuminated Sill Plates further highlight your good taste.

The Captiva's strong rear design is dominated by modern Tail lamps, elegant application of chrome and trendy LED Tail Lamps. The Chrome Tipped Twin Exhausts complement the Captiva's sporty looks.

TRAVEL LIKE A KING

Inside the stylish new Captiva lies a world of comfort. Innovative 5+2 Flexi Seating Configuration makes the Captiva incredibly spacious while giving you room to relax. Comfortable interiors and luxurious jet black upholstery enhance the luxurious styling. What's more, Dual Zone AC with Automatic Climate Control and 3rd Row AC vents ensure all the occupants of the car remain cool and comfortable.

The Integrated 2 DIN, Bluetooth® enabled Music System with 8 Speakers provides a fine audio experience. Complemented with luxurious features and advanced technology, the interiors of the Captiva give you an experience like no other SUV. Just turn on the Ignition and you will feel like the king of the road!

New LED Tail Lamp Design

Black Bezel Headlamps

Luxurious Dashboard and Instrument Cluster

SUPERIOR SAFETY

Our engineers have made safety a priority in the Captiva.

It comes loaded with 6 Airbags and is designed to ensure maximum frontal as well as side impact protection. And with other state of the art features, be sure to feel safe whenever you travel in this mighty SUV.

ABS with EBD: ABS (Anti-Lock Braking System) with EBD (Electronic Brakeforce Distribution) keeps the vehicle in control when braking on low friction surfaces (like wet or gravel surfaces).

Traction Control: Optimises wheel grip and stability of the vehicle by constantly measuring wheel rotation. It controls wheel spin by reducing power delivery or temporary application of brakes to the affected wheel.

Hill Descent Control: Driving down a mountain road is made safe and easy with the Hill Descent Control feature.

Rear Parking Assist: Facilitates parking and maneuvering in confined spaces, giving an acoustic signal to indicate the distance between the vehicle and the obstacle.

Rain Sensing Wipers: Now, your perfect drive will stay that way, no matter how unpredictable the weather gets. The Rain Sensing Wipers automatically switch on at the first sign of rain. What's more, the wiper speed is automatically adjusted depending upon the intensity of the rain.

Cruise Control: Own the highway with the effortless, steering mounted Cruise Control that automatically maintains your driving speed.

Heated Outside Mirrors: Keep your outside rear view mirrors clear in the cold climatic conditions.

DIMENSIONS	LT(MT)	LTZ(AWD-AT)
